

FELIXSTOWE

TOWN COUNCIL

Where does your council tax go?

In Felixstowe the (2015/16 Band D Equivalent) Council Tax bill is **£126.12** per month. This amount is split between:

Suffolk County Council: **£93.88** (for Education, Adult Social Care and Health, Roads & Transport)

Suffolk Coastal District Council: **£12.45** (for Car Parks, Waste Management, Planning & Licensing, Coastal Protection, Housing & Benefits, Sports & Leisure Centres, Economic Development & Tourism)

Suffolk Police: **£14.18**

Felixstowe Town Council: **£5.61**

However, unlike the other councils, the Town Council does not receive any other central government funding or funding from local business rates.

So, for less than **£1.30 per Band D ratepayer per week being exclusively dedicated to Felixstowe**, the Town Council:

- Provides Allotments across five sites
- Manages Felixstowe Cemetery, subsidised for Felixstowe residents
- Owns Felixstowe Town Hall, which is the home of the Council and from which the Council is able to offer weddings, events, public meetings, host community initiatives (such as SNT meetings), house its office staff and also accommodate the Suffolk County Council registrar, Suffolk Coastal District Council Resort Team and Felixstowe Forward

The Town Council achieves all this with less than ten full-time-equivalent local staff members who are also here to respond as quickly and helpfully as they can to public and other enquiries.

The work of the Town Council is directed by 16 Town Councillors who are all unpaid, Felixstowe-resident volunteers. (Although the Mayor does receive an allowance to cover the cost of representing the Town at 200+ meetings, activities and charity events a year.)

Being local Members, rather than resident elsewhere in the district/county, Town Councillors are solely focused on Felixstowe and are readily contactable to take on case work, raise queries, lobby and call for action on behalf of Felixstowe residents.

Felixstowe Town Council is an award winning and audited authority. Strong governance by its Members coupled with effective management by its Officers and a clear commitment to openness and transparency means that the Town Council is well-placed to deliver ever-higher quality services at the best possible value to its residents.
