

MEMORANDUM

To: Civic & Community Committee
Felixstowe Town Council

From: Dellwood Lawn Tennis Club
(DLTC)

Date: 12th June 2020

Subject: DLTC - REPORT Update on Grant Application for FTC.

1. Background. DLTC applied for a grant in November 2019 for the renovation and expansion of the current club facilities, namely the Club Hut refurbishment and better court facilities to accommodate an increased membership. The grant was approved for £750 and we are very grateful for that.
2. DLTC Hut / Pavilion.

The Committee met in January 2020 for pre-season planning and again on May 7th, via Zoom.

We have obtained three quotations for the refurbishment work. The chosen contractor has not been able to start due to poor weather conditions earlier in the year and the Coronavirus (Covid-19) restrictions.

The Club has suffered three incidents of vandalism to the Hut, September & October 2019 and March 2020. Damage was done to the side and rear panelling and doors. The police were notified on each occasion.

The plan now is to start work on the Hut refurbishment in the near future.

The start of our season has been delayed as Norse have not been able to prepare the courts due to the Coronavirus pandemic.

In summary, it has been a difficult year. We look forward to being able to play tennis on grass and enjoy the remaining time of the summer season.
